resolution. (Read brief summary of LR 48.) That will be laid over, Mr. President. And that's all that I have this morning. (See pages 1027-1029 of the Legislative Journal.)

PRESIDENT MAURSTAD: Thank you, Mr. Clerk. First item on today's agenda is the legislative confirmation report from the Natural Resources Committee. Mr. Clerk.

CLERK: Mr. President, two separate reports this morning from Natural Resources. Senator Schrock, the first I have, unless you prefer to reverse the order, Senator, is Mr. Gregory Hayden to the Central Interstate Low-Level Waste Compact.

PRESIDENT MAURSTAD: Chair recognizes Senator Schrock. Members, if we could have your attention, please. Senator Schrock.

SENATOR SCHROCK: Mr. Lieutenant Governor, members of the Legislature, the Natural Resources Committee would like to report favorably on the appoint of Dr. Hayden to the Central Interstate Low-Level Radioactive Waste Compact. Dr. Hayden has served in that capacity very capably through some tough conditions. He is a resident of the city of Lincoln, and I would tell you that the vote on that was six members yes, and two members absent.

PRESIDENT MAURSTAD: Thank you, Senator Schrock. Any discussion? Senator Schrock, you're recognized to close. Senator Schrock waives closing. The question before us is the adoption of the Natural Resources confirmation report. All those in favor vote aye, those opposed nay. Please record.

CLERK: 39 ayes, 1 nay, Mr. President, on the adoption of the confirmation report.

PRESIDENT MAURSTAD: The report is adopted.

CLERK: The second report, Senator, is the appoint of Mr. Craig Zeisler, to the Central Interstate Low-Level Radioactive Waste Compact.

PRESIDENT MAURSTAD: Senator Schrock.
